1. The following is an examiner's statement of reasons for allowance:

For claim 1, there's no teaching or suggestion in the prior art for "selectively converting a bit depth of the frames of one of the first and second image sources to be the same as a bit depth of the frames of the other of the first and second image sources when the bit depths of the frames of the first and second image sources are different from each other, and not converting the bit depth of the frames of said one the first and second image sources when the bit depths of the frames of the first and second image sources are not different from each other"

For claim 11, there's no teaching or suggestion in the prior art for: "selectively converting the bit depth of the frames of the second image file to the predetermined fixed bit depth used for processing the frames of the first image file when the comparing step determines the bit depth of the frames of the second image file are different than the predetermined fixed bit depth used for processing the frames of the first image file, and not converting the bit depth of the frames of the second image file to the predetermined fixed bit depth used for processing the frames of the first image file when the comparing step determines the bit depth of the frames of the second image file are not different than the predetermined fixed bit depth used for processing the frames of the first image file"

For claim 21, there's no teaching or suggestion in the prior art for: "a converter configured to selectively convert a bit depth of the frames of one of the first and second image sources to be the same as a bit depth of the frames of the other of the first and second image sources when the bit depths of the frames of the first and second image sources are different from each other, and not convert the bit depth of the frames of said one the first and second image sources when the bit depths of the frames of the first and second image sources are not different from each other"

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
